

EVOLVE2 40

Engineered to keep you on task.

Exceptional audio, outstanding noise isolation, superior comfort.

Incredible noise isolation

Put on your Evolve2 40 and feel the noise around you instantly fade. Memory foam oval ear cushions and pioneering new angled design give you passive noise cancellation like you've never experienced.

Guard your concentration zone with an enhanced busylight

New and improved busylight is more visible than ever, allowing you to be seen from every angle, for even fewer interruptions. So you can work in peace.

Make good calls when it matters

The incredible call performance of our world-leading Evolve series is now even better; Evolve2 40 is a corded headset with an advanced digital chipset and three strategically placed professional microphones.

Teams-certified means teams are satisfied

When communication is easy, everyone is happy, with both Microsoft Teams and their headset. Evolve2 40 is Teams-certified with a dedicated Teams button, for truly seamless collaboration.

Bigger speakers, better chipset, brilliant audio

You'll never miss a thing, thanks to powerful leak-tolerant 40mm speakers and our most advanced digital chipset ever, delivering audio that always keeps you in the loop.

Optimized for all-day comfort

We designed the perfect shape using biometric measurements from hundreds of heads, added soft memory foam cushions that mold to your ear's natural contours, and assembled it using durable, premium materials.

Future-proof tech that gets better with age

Upgradeable platform that will add even more value to your investment with future firmware upgrades through Jabra Xpress.

HOW TO START

1. Plug the Jabra Evolve2 40 into either a USB A or USB C port on your computer (depending on the USB variant of the headset).

2. Position the microphone near your mouth.

HOW TO USE

▶ || Push x1

🔊+ Push x1

▶▶ Press and hold for 1 sec

🔊- Push x1

◀◀ Press and hold for 1 sec
